

“The past 30 years have been good to us in our small, older home, as we have raised our family and created many fond memories. Yet, we always dreamed, all the while visiting new homes and planning that one day... we would be the proud homeowners of our own dream home. Our dream is now coming alive in the spring of 2009!

It all began with our first meeting with Darryl at D.L. Design, Inc. A gathering of ideas, desires and needs were all a functioning part of this process. The help, knowledge and patience of Darryl and his staff was exceptional. Each meeting we could see our dream come closer to a reality. The expertise of the drafting team, the specifics of county requirements, the artistic ability to create and design all were crucial elements necessary and readily available with D.L. Design’s staff for our personal use. Due to the initial steps with D.L. Design, our dream home passed all inspections with flying colors and with very high regard from all offices. The thoroughly created plans with so much attention to detail have enabled the various contractors on site to work diligently with ease.

The building of a custom home is a major task, but with the guidance of D.L. Design, we have been able to enjoy watching our beautiful home grow with great pleasure. We look forward to the move into our new custom dream home this spring with much delight. Thank you for helping to make our dream come true.”

Kindest Regards
Our appreciation,

Tom & Christene Reinbold
